

# CHESTERTON®

GLOBAL TRAINING

KEYNOTE SPEAKER

## Ron Frisard

Ron Frisard graduated from Northeastern University in Boston with a degree in Mechanical Engineering Technology in 1989. Ron has 20 years experience with valve and pump reliability. Before coming to Chesterton, Ron worked for Newport News Shipbuilding designing propulsion systems for aircraft carriers. He has worked for the A.W. Chesterton Company for the last 18 years in all facets of the Mechanical Packing Division. Ron has held positions in Application Engineering, Research and Development, and Marketing before accepting a position with Global Training. He has presented at many conferences including the Electric Power Research Institute (EPRI), the American Society of Mechanical Engineers (ASME), the AOV Users Group (AUG), ISA, and Valve World in Europe. Ron has also had articles published on pump packing performance and troubleshooting.

*Chesterton Global Training is dedicated to professional education to meet the ever-changing needs and educational demands of industry.*
